## **SCHEDULE 1 BOARD CHARTER**

### **Introduction**

The Board of the Ardiden Limited (**Ardiden**) has the ultimate responsibility to its shareholders for the strategy and performance of the Company in general. The Board is dedicated to fulfilling these duties in a lawful and professional manner, and with the utmost integrity and objectivity. As such, the Board actively pursues best practice governance processes.

Good governance policies and processes are critical for ensuring that the Company is governed in the best interests of the Company as a whole. With this point in mind, the Board has decided to articulate and formalise the corporate governance framework within which the Company operates.

This document outlines the Company's corporate governance policy in the form of a Board Charter, which is a written policy document that defines the respective roles, responsibilities and authorities of the Board, both individually and collectively, and of management in setting the direction, management and the control of the organisation. As such, it establishes the guidelines within which the Directors and Officers are to operate as they carry out their respective roles. It does not in any way constitute legal advice or act as a substitute for legal advice.

The Board is cognisant of the Company's current size, nature and scale of activities and that it currently may not comply with all of the Corporate Governance Principles and Recommendations (4<sup>th</sup> Edition) published by the ASX Corporate Governance Council. However, the Company will state in its Annual Report its current position on these matters and a regular review will be undertaken to assess the applicability of the current procedures.

The purpose of this Board Charter is to document the policies upon which the Board has decided to meet its legal and other responsibilities.

The Company's Board Charter has four major sections:

- (a) Part A – Defining Governance Roles;
- (b) Part B – Board Processes;
- (c) Part C – Key Board Functions; and
- (d) Part D – Continuing Improvement.

While it is acknowledged that good governance is an important component of a successful company, it is also recognised that it is contingent upon the context in which it is practiced. Therefore, corporate governance needs to be a dynamic process. This Charter will need to be regularly reviewed and updated to reflect changes in the legal framework within which the Company operates, and amendments and developments in Board policies and procedures. It is the responsibility of the Company Secretary to ensure that the Board is consulted regarding any changes and updates, that the Charter is kept current and is reviewed and amended on a yearly basis, and that all Board members are provided with the latest versions of the Charter.

The Company recognises the overriding importance of its legal obligations which arise from various sources. Accordingly, nothing in this Charter must conflict with the Company's Constitution (**Constitution**), the Corporations Act or the ASX Listing Rules. If such a conflict occurs, the Constitution, Corporations Act and the ASX Listing Rules shall prevail. Any reference to gender in this Charter should be interpreted as applicable to both males and females.

## Part A - Defining Governance Roles

### The role of the Board

---

- 1.1 The Board is ultimately responsible for all matters relating to the running of the Company.
- 1.2 The Board's role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of Senior Management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties. Thus, except when dealing with specific management delegations of individual Directors (particularly Executive Directors), it is misleading to refer to the management function of the Board.
- 1.3 The Board has the final responsibility for the successful operations of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. It is required to do all things that may be necessary to be done in order to carry out the objectives of the Company. In carrying out its governance role, the main task of the Board is to drive the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.
- 1.4 Without intending to limit this general role of the Board, the principal functions and responsibilities of the Board include the following:
- (a) providing leadership to the Company by:
    - (i) defining the Company's purpose;
    - (ii) approving the Company's statement of values and code of conduct to underpin the desired culture within the Company;
    - (iii) always acting in a manner consistent with the Company's culture and Code of Conduct and statement of values;
  - (b) overseeing the development and implementation of an appropriate strategy, the instilling of the Company's values and performance by:
    - (i) working with the Senior Management team to ensure that an appropriate strategic direction and array of goals are in place;
    - (ii) regularly reviewing and amending or updating the Company's strategic direction and goals;
    - (iii) ensuring that an appropriate set of internal controls are implemented and reviewed regularly;
    - (iv) ensuring an appropriate framework exists for relevant information to be reported by the management to the Board;
    - (v) when required, overseeing planning activities including the development and approval of strategic plans, annual plans; annual corporate budgets and long-term budgets including operating budgets, capital expenditure budgets and cash flow budgets;
    - (vi) reviewing the progress and performance of the Company in meeting these plans and corporate objectives, including reporting the outcome of such reviews on at least an annual basis;

- (c) overseeing the control and accountability systems that ensure the Company is progressing towards the goals set by the Board and in line with the Company's purpose, the agreed corporate strategy, legislative requirements and community expectations;
- (d) ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chair, being the key interface between the Company and its shareholders;
- (e) ensuring the integrity of the Company's accounting systems including the external audit;
- (f) ensuring robust and effective risk management (for both financial and non-financial risks), compliance, continuous disclosure and control systems (including legal compliance) are in place and operating effectively;
- (g) appointing, and where necessary removing and/or replacing, the Chair;
- (h) being responsible for the Company's senior management and personnel including:
  - (i) directly managing the performance of the Chief Executive Officer (**CEO**)/Managing Director (**MD**) including:
    - (A) appointing and remunerating the CEO/MD;
    - (B) providing advice and counsel to the CEO/MD including formal reviews and feedback on his or her performance; and
    - (C) overseeing the development or removal of the CEO/MD, where necessary;
  - (ii) ratifying the appointment, the terms and conditions of the appointment and, where appropriate, removal of the Chief Financial Officer (**CFO**) and/or Company Secretary and other senior executives;
  - (iii) ensuring appropriate checks are undertaken prior to the appointment of senior executives;
  - (iv) ensuring that an appropriate succession plan for the CEO/MD, CFO and Company Secretary is in place; and
  - (v) when required, ensuring appropriate human resource systems (including OH&S systems) are in place to ensure the well-being and effective contribution of all employees;
- (i) ensuring that the Company's Remuneration & Nomination policy is aligned with the entity's purpose, values, strategic objectives and risk appetite.
- (j) delegating appropriate powers to the CEO/MD, management and committees to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;
- (k) ensuring Directors receive briefings on material developments in laws, regulations and accounting standards relevant to the Company;
- (l) where required, challenging management and holding it to account; and
- (m) making all decisions outside the scope of these delegated powers.

- 1.5 The detail of some Board functions will be handled through Board Committees as and when the size and scale of operations requires such committees. However, the Board as a whole is responsible for determining the extent of powers residing in each Committee and is ultimately responsible for accepting, modifying or rejecting Committee recommendations.

## Board structure

---

### 1.6 Number of Directors

- (a) The Board has determined that, consistent with the size of the Company and its activities, the Board shall be comprised of a minimum three Directors, two of whom shall be non-executive.
- (b) The Board's policy is that the majority of Directors shall be independent, non-executive Directors at a time when the size of the Company and its activities warrants such a structure. This will ensure that all Board discussions or decisions have the benefit of outside views and experience, and that the majority of Directors will be free of any interests or influences that could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.
- (c) The Board has adopted the definition of independence set out in the ASX Corporate Governance Council Corporate Governance Principles and Recommendations (4<sup>th</sup> Edition) as set out in Annexure A.
- (d) The independence of the Company's Non-Executive Directors will be assessed on an ongoing basis.
- (e) In the opinion of the Board, all Directors should bring specific skills and experience that add value to the Company.
- (f) When considering the potential reappointment of an existing director, the Board will take into account its skills matrix which sets out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.
- (g) When considering vacancies, the Board will take into account a candidate's capacity to enhance the skills matrix and experience of the Board.

### 1.7 Appointment of Directors

The Company may, by ordinary resolution, increase or decrease the number of Directors and may also determine in what rotation the increased or decreased number is to go out of office and otherwise in accordance with the Constitution. The Company will undertake appropriate checks before appointing a person and provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.

### 1.8 Skills required on the Board

The Board will review capabilities, technical skills and personal attributes of its directors. It will normally review the Board's composition against those attributes and recommend any changes in Board composition that may be required. An essential component of this will be the time availability of Directors.

## **1.9 Written agreement**

The Company shall have a written agreement with each Director and senior executive setting out the terms of their appointment. The agreement should be with the Director or senior executive personally unless the Company is engaging a bona fide professional services firm.

## **1.10 Duration of appointment**

In the interest of ensuring a continual supply of new talent to the Board, non- executive Directors will serve for a maximum of 10 years unless there are exceptional circumstances. The exception to this policy is that a Director who is serving as Chair at the conclusion of the usual maximum term may serve an additional term in that role. If a Director has served in their position for more than 10 years, the Board will regularly assess if their independence may have been compromised.

## **1.11 Vacation of office**

Subject to clause 1.10, it is envisaged that Directors shall remain on the Board until required to vacate the office by law or as detailed in the Constitution.

## **The role of individual Directors**

---

As members of the peak decision-making body in the Company, Directors share ultimate responsibility for the Company's overall success. Therefore, Directors have an individual responsibility to ensure that the Board is undertaking its responsibilities. Directors need to ensure that the Board is providing:

- (a) leadership to the Company, particularly in the areas of ethics and culture;
- (b) a clear and appropriate strategic direction;
- (c) upholding the Company's values;
- (d) accountability to key stakeholders, particularly shareholders;

- (g) an effective senior management team and appropriate personnel policies as and when required; and
- (h) timely and effective decisions on matters reserved to it.

## 1.12 Directors' code of conduct

In accordance with legal requirements and agreed ethical standards, Directors and key executives of the Company:

- (a) will act honestly, in good faith and in the best interests of the whole Company;
- (b) owe a fiduciary duty to the Company as a whole;

- (l) will not take advantage of Company property or use such property for personal gain or to compete with the Company;

- (p) will make reasonable enquiries to ensure that the Company is operating efficiently, effectively and legally, towards achieving its goals;
- (q) will not engage in conduct likely to bring discredit upon the Company;<sup>2</sup>

- (s) will encourage the reporting of unlawful/unethical behaviour and actively promote ethical behaviour and protection for those who report violations in good faith;<sup>1</sup>
- (t) will give their specific expertise generously to the Company; and
- (u) have an obligation, at all times, to comply with the spirit, as well as the letter of the law and with the principles of this Charter.<sup>2</sup>

<sup>1</sup> From the ASX Corporate Governance Council's Corporate Governance Principles.

<sup>2</sup> From the AICD Code of Conduct.

### 1.13 Expectations of Directors in Board process

- (a) Since the Board needs to work together as a group, Directors need to establish a set of standards for Board meetings. At the Company, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board. This will include, but not be limited to:
  - (i) behaving in a manner consistent with the letter and spirit of the Code of Conduct;
  - (ii) acting in a businesslike manner;
  - (iii) acting in accordance with the Constitution and Board policies;
  - (iv) addressing issues in a confident, firm and friendly manner;
  - (v) preparing thoroughly for each Board or Committee event;
  - (vi) using judgment, common sense and tact when discussing issues;
  - (vii) minimising irrelevant conversation and remarks;
  - (viii) ensuring that others are given a reasonable opportunity to put forward their views;
  - (ix) refraining from interruption or interjection when a speaker has the floor; and
  - (x) being particularly sensitive in interpreting any request or direction from the Chair that aims to ensure the orderly and good-spirited conduct of the meeting.
- (b) Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting the Company, and cast their vote on any resolution according to their own judgment.

- (c) Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.
- (d) Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of the Company and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure is required by law and in any event should not be disclosed without appropriate authorisation.

#### **1.14 Conflict of interest and related party transactions**

- (a) Conflicts of interest
  - (i) Directors must disclose to the Board actual or potential conflicts that may or might reasonably be thought to exist between the interests of the Director and the interests of the Company. On appointment, Directors will have an opportunity to declare any such interests.
  - (ii) Directors should update this disclosure by notifying the Company Secretary in writing as soon as they become aware of any conflicts. Directors are also expected to indicate to the Chair any actual or potential conflict of interest situation as soon as it arises.
  - (iii) The Board can request a Director to take reasonable steps to remove the conflict of interest. If a Director cannot or is unwilling to remove a conflict of interest then the Director must absent himself or herself from the room when discussion and voting occur on matters to which the conflict relates. The entry and exit of the Director concerned will be minuted by the Company Secretary. Directors do not have to give notice of a conflict or absent themselves in accordance with section 191(2) or section 195 of the Corporations Act, including, without limitation when either:
    - (A) conflict of interest relates to an interest common to all Company members/shareholders; or
    - (B) the Board passes a resolution that:
      - (1) identifies the Director, the nature and extent of the Director's interest; and
      - (2) clearly states that the other Directors are satisfied that the interest should not disqualify the Director concerned from discussion and/or voting on the matter.
- (b) Related party transactions
  - (i) Related party transactions include any financial transaction between a Director or officer and the Company and will be reported in half yearly and annual reports.

- (ii) In general, the Corporations Act requires related party transactions to be approved by the shareholders; the Board cannot, except in certain limited circumstances, approve these transactions. Examples of exemptions to this requirement occur where the financial benefit is given on arm's length terms, or is considered to be reasonable remuneration to an officer or employee.
- (iii) The Board has also resolved that where applications are made by a related party to a Director or officer of the Company then the Director or officer shall exclude himself/herself from the approval process.
- (iv) Related party for this process has the meaning given to that term in Section 228 of the Corporations Act and includes:
  - (A) a spouse or de facto spouse of the Director or officer;
  - (B) a parent, son or daughter of the Director or officer or their spouse or de facto spouse; or
  - (C) an entity over which the Director or officer or a related party defined in clauses (A) or (B) has a controlling interest.

### **1.15 Emergency contact procedures**

As there is the occasional need for urgent decisions, Directors should leave with the Company Secretary any contact details, either for themselves or for a person who knows their location, so that all Directors can be contacted within 24 hours in cases of a written resolution or other business.

## Part B - Board processes

### 1. Board meetings

---

**1.1** Board meetings are a fundamental component of governance processes. Each Board meeting is critical, as it is the main opportunity for directors to:

- (a) obtain and exchange information with the Senior Management team;
- (b) obtain and exchange information with each other; and
- (c) make decisions.

**1.2** The Board meeting agenda is equally as important because it shapes the information flow and subsequent discussion.

#### **1.3 Meeting frequency**

Given the size of the Company and the scale of its activities the Board will meet approximately 12 times per year but not less than six times per year and, unless otherwise agreed, Committees will generally meet on a quarterly basis. Where Board and Committee meetings are scheduled for the same month, where possible, Committee meetings will precede the Board meeting by at least one week to allow the circulation of the minutes of the Committee meeting prior to the Board meeting.

#### **1.4 Meeting time and location**

The Board usually meets at the offices of the Company in Australia. The commencement time will vary depending on the agenda of each individual meeting, the availability of key participants and the location in which the meeting is taking place.

#### **1.5 Meeting language**

If a Director does not speak the language in which the Board meeting is proposed to be held in and key documents written, processes will be adopted to ensure that the Director understands and can contribute to discussions at those meetings and understand and discharge their obligations in relation to those documents.

#### **1.6 Meeting cycle**

- (a) When the size of the Company and the scale of its activities warrants it, and to assist the smooth running of Board processes, the Board will adopt an indicative monthly cycle as follows. The indicative cycle gives Board members seven days to review the

agenda and Board papers to save valuable time at meetings by being prepared for discussions and allowing them to seek clarification or further information in advance on ambiguous items.

- (b) Under normal circumstances and when warranted, Board meetings shall follow the following monthly cycle:

| Item  | Day  |
|---|------|
| Draft agenda prepared by the Company Secretary                      | -7   |
| Company Secretary updates actions arising from the previous meeting | -7   |
| Company Secretary reviews the proposed agenda with the Chair        | -7   |
| Board papers and agenda are finalised                               | -3   |
| Board papers are printed  | -3   |
| All Board papers are circulated to Board meeting attendees          | -3   |
| Board meeting   | 0    |
| Draft minutes sent to Chair   | 3-5  |
| Draft minutes sent to Directors                                     | 6-10 |

- (c) All days indicated are calculated in relation to the Board meeting day (day zero).
- (d) Please note that this is an indicative cycle only. The actual timing of events in the lead up to and follow up from Board meetings will be dependent upon the circumstances surrounding each individual meeting.

## 1.7 Conduct of meeting

The Chair will determine the degree of formality required at each meeting while maintaining the decorum of such meetings. As such the Chair will:

- (a) ensure that all members are heard;
- (b) retain sufficient control to ensure that the authority of the Chair is recognised. This may require a degree of formality to be introduced if this is necessary to advance the discussion;
- (c) take care that the decisions are properly understood and well recorded; and
- (d) ensure that the decisions and debate are completed with a formal resolution recording the conclusions reached.

## **1.8 Quorum and voting at meetings**

In order for a decision of the Board to be valid a quorum of Directors must be present. A quorum will be two Directors present, of at least one Director must be an independent Director, in person or by instantaneous communication device or as otherwise stipulated in the Constitution. Questions arising at Board meetings are to be decided by a majority vote of Directors who are present and entitled to vote.

## **1.9 Emergency decision making**

A resolution in writing signed by all Directors shall be as valid and effectual as if it had been passed at a meeting of Directors duly convened and held and otherwise in accordance with the Company's Constitution.

## **Board meeting agenda**

---

### **1.10 Agenda content**

An agenda will be prepared for each Board and Committee meeting.

### **1.11 Agenda preparation**

The Company Secretary, in consultation with the Chair and the CEO/MD is responsible for preparing an agenda for each Board meeting. However, any Director may request items to be added to the agenda for upcoming meetings.

## **Board papers**

### **1.12 Preparation and circulation of Board papers**

The Company Secretary together with the CEO/MD is responsible for the preparation and circulation of Board papers should they be required. The Board papers if so required will be circulated to Directors prior to the Board meeting. If a Board paper relates to a matter in which there is a known conflict of interest with a particular Director then the relevant Board paper will be removed by the Company Secretary on the instructions of the Chair, from the set of Board papers sent to that Director. In the case of the Chair having a conflict of interest, the Board will appoint another Director to make final decisions on the forwarding of Board papers to the Chair.

### **1.13 Retention of Board papers**

The Company Secretary maintains a complete set of Board papers at the Company's headquarters. However, individual Directors may retain their own Board papers in a secure location.

## Board minutes

---

Minutes are to be a concise summary of the matters discussed at a Board Meeting. Minutes will contain a brief reference to relevant Board papers tabled plus any official resolutions adopted by Directors. All decisions will be recorded in the minutes by means of a formal resolution.

## Board calendar

---

In order to provide an even distribution of work over each financial year, the Board will adopt a 12 month Board Calendar. Included will be all scheduled Board and Committee meetings as well as major corporate and Board activities to be carried out in particular months. Once initiated it will be updated and approved prior to the start of each financial year.

## Committees

---

**1.14** When the size of the Company and the scale of its activities warrant it the Board will institute the following committees:

- (a) Audit and Risk Committee; and
- (b) Remuneration and Nomination Committee.

**1.15** The Committee Charter for each of these Committees is available on the Company's website. Nevertheless, the Board has the ability to alter the roles of each Committee as it sees fit.

## Part C – Key Board Functions

### 1. The Board and strategy

---

The Board will approve a formal strategic planning process that articulates the respective roles and levels of involvement of the Board, Senior Management and other employees and will review the strategic plan for the Company on a regular basis.

### Contacts and advisory role

---

#### 1.1 CEO/MD advisory role

- (a) It is recognised that a key directorial duty is providing a sounding board for CEO/MD ideas and challenges. Recognising that the CEO/MD Board relationship is critical to effective corporate governance, Directors should provide frank and honest advice to the CEO/MD. It is expected that the Chair will play a key part of this role and will maintain regular contact with the CEO/MD.
- (b) All advice should be constructive in nature and provided in a positive manner. Where appropriate, Directors should recommend possible alternative advisers if they do not feel adequately trained to assist.

#### 1.2 Protocol for interaction with internal and external parties

- (a) Media contact and comment
  - (i) The Board has designated the CEO/MD or the Chair (where appropriate) to speak to the press on matters associated with the Company. In speaking to the press, the CEO/MD or the Chair will not comment on price sensitive information that has not already been disclosed to a relevant authority, however, they may clarify previously released information. To assist in safeguarding against the inadvertent disclosure of price sensitive information the CEO/MD and the Chair will be informed of what the Company has previously disclosed to the market on any issue prior to briefing anyone outside the Company.
  - (ii) Subject to the policies of the Board and any committee that the Board may appoint from time to time, the Chair is authorised to comment on:
    - (A) annual and half yearly results at the time of the release of the annual or half yearly report;
    - (B) resolutions to be put to General Meetings of the Company;
    - (C) changes in Directors, any matter related to the composition of the Board or Board processes;

- (D) any speculation concerning Board meetings or the outcomes of Board meetings; and
    - (E) other matters specifically related to shareholders.
  - (iii) Subject to the policies of the Board and any committee that the Board may appoint from time to time, the CEO/MD is authorised to comment on:
    - (A) the Company's future outlook;
    - (B) any operational matter;
    - (C) media queries concerning operational issues which reflect either positively or negatively on the Company;
    - (D) proposed or actual legal actions; and
    - (E) queries and general discussion concerning the Company's industry.
  - (iv) See the Code of Conduct for further information relating to conduct of Employees.
- (b) External communications including analyst briefings and responses to Shareholder questions
  - (i) The Company discloses its financial and operational results to the market each year/half year/quarter as well as informing the market of other events throughout the year as they occur. Annual, half yearly and quarterly financial reports, media releases and AGM speeches are all lodged with the appropriate authority. As all financial information is disclosed, the Company will only comment on factual errors in information and underlying assumptions when commenting on market analysts' financial projections, rather than commenting on the projections themselves.
  - (ii) In addition to the above disclosures, the Company does conduct briefings and discussions with analysts and institutional investors. However, price sensitive information will not be discussed unless that particular information has been previously formally disclosed to the market via an announcement. Slides and presentations used in briefings will also be released immediately prior to the briefing to the market.
  - (iii) After the conclusion of each briefing or discussion if any price sensitive information was disclosed it will be announced immediately to the market.

### 1.3 Hospitality and gifts

While the Company recognises the need from time to time to give or accept customary business courtesies in accordance with ethical business practices, Directors and officers will not solicit such courtesies and will not accept gifts, services, benefits or hospitality that might influence, or appear to influence, the Directors' and officers' conduct in representing the Company.

## Monitoring

---

Another essential function of the Board is to monitor the performance of the organisation in implementing its strategy and overall operational performance.

## Risk and compliance management

---

- 1.4** The Board is charged with overseeing, reviewing and ensuring the integrity and effectiveness of the Company's risk and compliance systems. The Board has an external independent auditor who is responsible for verifying the Company's compliance systems and reporting to the Board on those systems.
- 1.5** Since risk management is a complex and critical component of the Company's governance, the Board has established an Audit & Risk Committee to oversee and guide the detail of this topic. The CEO/MD will be charged with implementing appropriate risk systems within the Company. Aspects of this process may be delegated.
- 1.6** Refer to the Audit and Risk Committee Charter
- 1.7** The risk management system will be based on Standard ISO 31000:2018.
- 1.8** Risk management is considered a key governance and management process. It is not an exercise merely to ensure regulatory compliance. Therefore, the primary objectives of the risk management system at the Company will be to ensure:
- (a) all major sources of potential opportunity for and harm to the Company (both existing and potential) are identified, analysed and treated appropriately;
  - (b) business decisions throughout the Company appropriately balance the risk and reward trade off;
  - (c) regulatory compliance and integrity in reporting is achieved; and
  - (d) Senior Management, the Board and investors understand the risk profile of the Company.
- 1.9** In line with these objectives, the risk management system will cover:
- (a) operations risk;
  - (b) financial reporting; and
  - (c) compliance.
- 1.10** The Audit & Risk Committee reviews all major strategies and purchases for their impact on the risk facing the Company, Audit & Risk Committee. The Company reviews annually its operations to update its risk profile. This occurs in conjunction with the strategic planning process.
- 1.11** The Audit & Risk Committee will create a quarterly report on those areas of risk identified. In addition, as specified by Recommendation 4.2 of the ASX Corporate Governance Council's

Corporate Governance Principles and Recommendations (4th Edition), the CEO and CFO provide a written declaration of assurance that their opinion, that the financial records of the Company for any financial period have been properly maintained, comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company, has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

- 1.12 The Company produces a number of periodic reports, including its Annual Report, Half-year financial report and quarterly Appendix 4Cs. The Company has in place processes to review and confirm the accuracy and reasonableness of the disclosures contained in these reports at both management and Board level. Management prepares the disclosures in these reports whereby subject matter experts and the relevant executives review and approve the disclosures which are then reviewed by the Company's MD/CEO and approved by the Board.
- 1.13 In the event further legal or financial review is required, the proposed disclosure is run past the Company's advisors, lawyers or auditors (As appropriate) for review.

## Delegation of authority

---

- 1.14 Directors are responsible for any delegations of their responsibilities with regard to corporate operations. As such, they decide as a Board what Company matters are delegated to either specific Directors or management. In addition, they outline what controls are in place to oversee the operation of these delegated powers.
- 1.15 As a consequence, individual Directors have no individual authority to participate in the day-to-day management of the Company including making any representations or agreements with member companies, suppliers, customers, employees or other parties or organisations.
- 1.16 The exception to this principle occurs where the Board explicitly delegates an authority to the Director individually. Additionally, it is recognised that all Executive Directors will carry significant delegated authority by virtue of their management position.
- 1.17 Similarly, Committees and their members require specific delegations from the Board as a whole and these will be contained in each Committee's respective Terms of Reference.

### 1.18 **General delegations**

In general, the Board delegates all powers and authorities required to effectively and efficiently carry out the Company's business. Listed below are the exceptions to these delegations, whereby the Board or appropriate Committee reserves the powers as indicated.

### 1.19 **Decisions requiring Board approval**

In addition to those decisions requiring approval pursuant to the respective Committee Charters, the following decisions must be referred to the Board for approval:

- (a) Directors acquiring or selling shares of the Company;
- (b) issuing shares of the Company;

- (c) acquiring, selling or otherwise disposing of property in excess of the amount set out in the Company's approval matrix;

- (c) if the information is still not forthcoming, write a letter to all Board members and the CEO detailing the information that is required, purpose of the information, and who the Director intends to approach in order to obtain the information.

#### 1.2 Access to professional advice

- (a) A Director of the Company is expected to exercise considered and independent judgment on the matters before them. To discharge this expectation a Director may, from time to time, need to seek independent, expert opinion on matters before them. All Directors have the individual authority to commit the company to up to \$5,000.00 per annum in professional advice.
- (b) Prior to seeking professional advice a director shall inform the Chair about the nature of the opinion or information sought, the reason for the advice, the terms of reference for the advice and the estimated cost of the advice. Where more than one Director is seeking advice about a single issue, the Chair shall endeavour to coordinate the provision of the advice.
- (c) If the cost of professional advice is likely to exceed \$5,000.00, the Director shall seek authority from the Chair prior to engaging an external expert. The Chair has delegated authority to authorise expenditures up to \$10,000.00. If the Chair withholds authorisation, the Director has the right to seek authority from the Board at the next Board meeting. If the cost of professional advice is likely to exceed \$10,000.00, then the Boards approval for the engagement of an external expert is required.
- (d) Advice so received should be received on behalf of the Board as a whole.

#### 1.3 Access to Board papers

The Directors have the right to access board papers as granted by the Corporations Act. Such access shall be provided on a timely basis.

#### 1.4 Insurance

The Company will also review the D&O Insurance Policies on at least an annual basis to ensure that they are sufficient.

## Board and Senior Executive evaluation

---

### 1.5 Evaluation process

The Board considers the evaluation of its own and senior executive performance as fundamental to establishing a culture of performance and accountability.

### 1.6 Board and Director evaluations

- (a) The Board considers the ongoing development and improvement of its own performance as a critical input to effective governance. As a result, the Board will undertake an evaluation of Board and Director performance.
- (b) The review will be based on a number of goals for the Board and individual Directors that will be established. The goals are based on corporate requirements and any areas for improvement that may be identified. The Board will consider the outcome of such reviews in a dedicated meeting and develop a series of actions and goals to guide improvement. The Chair will provide each Director with confidential feedback on his or her performance. This feedback is used to develop a development plan for each Director. The Board does not endorse the reappointment of a Director who is not satisfactorily performing the role.
- (c) If established by the Board, the Remuneration and Nomination Committee will arrange for a performance evaluation of the Board, its Committees and individual Directors to be conducted on an annual basis.

### 1.7 Board Committee evaluations

- (a) The Board will set a number of expectations for its Committees. These expectations are to be derived after considering the results of previous reviews if any, an assessment of the Company's current and future needs, and a review of each Committee's Charter or purpose. As a result of a review, the Board may amend or revoke a Committee's Charter.
- (b) The Remuneration and Nomination Committee will review the performance of the Committees against expectations. Based upon the review, individuals and groups will be provided with feedback on their performance. The results of the review will be a key input into the expectations set by the Remuneration and Nomination Committee.

### 1.8 Senior Executive evaluations

- (a) All senior executives at the Company will be subject to an annual performance evaluation. Each year, senior executives (including the CEO/Managing Director) will establish a set of performance targets. These targets are aligned to overall business goals and the Company's requirements of the position. In the case of the

CEO/Managing Director, these targets are negotiated between the CEO/Managing Director and the Board and signed off by the whole Board.

- (b) An informal assessment of progress is carried out throughout the year. A full evaluation of the executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year. Since the Company is committed to continuous improvement and the development of its people, the results of the evaluation form the basis of the executive's development plan. Performance pay components of executives' packages are dependent on the outcome of the evaluation.

## Executive Director Remuneration

---

### 1.9 Composition

Remuneration packages for Executive Directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration.

### 1.10 Fixed remuneration

Fixed remuneration is reasonable and fair, taking into account the Company's obligations at law and labour market conditions, and is relative to the scale of the Company's business. It reflects core performance requirements and expectations.

### 1.11 Performance-based remuneration

Performance-based remuneration should be linked to clearly specified performance targets. These targets should be aligned to the Company's short, medium and long-term performance objectives and should be appropriate to its circumstances, goals and risk appetite. This target should also be consistent with the Company's Statement of Values. Discretion will be retained where appropriate to prevent performance based remuneration rewarding conduct that is contrary to the entity's value or risk appetite.

### 1.12 Equity-based remuneration

The Company strives to have a well-designed equity-based remuneration, including options or performance rights, which can be an effective form of remuneration, especially when linked to hurdles that are aligned to the Company's longer-term performance objectives. The Company takes care in the design of equity-based remuneration schemes to ensure that they do not lead to 'short-termism' on the part of senior executives or the taking of undue risks.

### 1.13 Termination and other benefits

Termination payments, if any, for senior executives are agreed in advance and the agreement clearly addresses what will happen in the case of early termination. There is no payment for removal for misconduct.

- (a) Levels of fixed remuneration for Non-Executive Directors reflect the time commitment and responsibilities of the role.
- (b) Non-Executive Directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of Non-Executive Directors. The sum each Non-Executive Director is paid is determined by the Board from time to time. Additional fees can be paid for participation on Board Committees; however, the total fees paid to Non-Executive Directors, including fees paid for participation on Board Committees, are kept within the total amount approved by shareholders.

### 1.16 Performance-based bonus

- (a) Non-executive Directors do not receive performance-based remuneration as it may lead to bias in their decision-making and compromise their objectivity.
- (b) The Company's Non-Executive Directors do not receive performance-based bonuses.

### 1.17 Equity-based remuneration

- (a) It is generally acceptable for Non-Executive Directors to receive securities as part of their remuneration to align their interests with the interests of other security holders. However, Non-Executive Directors generally should not receive options with performance hurdles attached or performance rights as part of their remuneration as it may lead to bias in their decision-making and compromise their objectivity.
- (b) The Company's Non-Executive Directors cannot choose to receive shares in the Company as part of their remuneration instead of receiving cash and may not participate in equity schemes of the Company, such as option schemes, that are designed to encourage enhanced performance of the participant.

### 1.18 Superannuation benefits

- (a) Non-Executive Directors should not be provided with retirement benefits other than superannuation.
- (b) The Company's Non-Executive Directors are entitled to statutory superannuation.

### 1.19 Written Agreement

The Written Agreement with the Non-Executive Director should include:

- (a) the requirement to disclose director's interests and any matters which could affect the director's independence;
- (b) the requirement to comply with the Company's corporate governance policies and charters;

- (d) the company's policy around independent professional advice;
- (e) indemnity and insurance arrangements;
- (f) rights of access to corporate information; and
- (g) ongoing confidentiality obligations.

## Director development

---

- 1.20** The Company is committed to continuing development of its Directors and executives. In line with this commitment, there is an expectation that all Directors and the CEO will commit to at least two days of professional development each year. The Board allocates an annual budget of \$5,000.00 per Director to encourage Directors to participate in training and development programs. Any Director wishing to undertake either specific directorial training or personal development courses is expected to approach the Chair for approval of the proposed course. Development may be in both governance and governance processes or in the Company's industry.
- 1.21** The Board will also undertake an annual review in relation to whether there is a need for existing Directors to undertake professional development.

## Director induction

---

New directors will undergo an induction process in which they will be given a full briefing on the Company. This will include meeting with key executives, tours of the premises, an induction package and presentations. Information conveyed to the new Director will include:

## Annexure A      Definition of Independence

The Board considers the relationships which may affect independence are as set out in Box 2.3 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations (4<sup>th</sup> Edition)* as follows:

2. is, or has been, employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
3. receives performance-based remuneration (including options or performance rights) from or participates in an employee incentive scheme of the entity;
4. is, or has been within the last three years, in a material business relationship (eg as a supplier, professional adviser, consultant or customer) with the entity or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;
5. is, represents, or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder ;
6. has close personal ties with any person who falls within any of the categories described above; or
7. has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the board to determine whether it might interfere, or might reasonably be seen to interfere, with the director's capacity to bring an independent judgement to bear on issues before the board and to act in the best interest of the entity as a whole rather than in the interests of an individual security holder or other party.

The Board notes that the mere fact that a director has served on a board for a substantial period does not mean that the director has become too close to management or a substantial holder to be considered independent.

### **1.13 External communications including analyst briefings and responses to shareholder questions**

The Company discloses its financial and operational results to the market each year/half year/quarter as well as informing the market of other events throughout the year as they occur. Quarterly financial reports, media releases and AGM speeches are all lodged with the relevant authority. As all financial information is disclosed, the Company will only comment on factual errors in information and underlying assumptions when commenting on market analysts' financial projections, rather than commenting on the projections themselves.

In addition to the above disclosures, the Company does conduct briefings and discussions with analysts and institutional investors. However, price sensitive information will not be discussed unless that particular information has been formally disclosed to the market via an announcement. Slides and investor presentations used in briefings will also be released immediately prior to the briefing to the market.

After the conclusion of each briefing or discussion, it will be reviewed to determine whether any price sensitive information has been inadvertently disclosed. If any price sensitive information was disclosed, it will be announced immediately to the market.

Similarly, when answering shareholder questions, price sensitive information will not be discussed unless that particular information has been formally disclosed to the market via an announcement.

Where a question can only be answered by disclosing price sensitive information, the Company will decline to answer it or take it on notice and announce the information to the market prior to responding.

If any new price sensitive information is to be used in briefing media, institutional investors and analysts or in answering shareholder queries, written materials containing such information will be lodged with the relevant authority prior to the briefing commencing. These briefing materials may also include information that may not strictly be required under continuous disclosure requirements.

The Company is committed to the full and accurate reporting of its financial results. Consequently, when complying with its periodic disclosure requirements, the Company will provide commentary on its financial results. The purpose of the commentary will be to clarify and balance the information in the financial results.

This commentary will be delivered in a manner that is neutral, free from any bias and easy to understand. This may involve the provision of both positive and negative information about the Company that the Company believes is necessary to keep investors fully informed.

The Company respects the rights of its shareholders and to facilitate the effective exercise of those rights the Company is committed to:

- (a) communicating effectively with shareholders;
- (b) giving shareholders ready access to balanced and understandable information about the Company and corporate proposals; and
- (c) making it easy for shareholders to participate in general meetings of the Company.

#### **1.14 Provision of information**

The Company will communicate with shareholders in three main ways:

- (a) through releases to the market;
- (b) through information provided directly to shareholders at general meetings of the Company; and
- (c) market releases.

It is the Company's policy to comply with its continuous and periodic disclosure obligations. In accordance with the Company's continuous disclosure policy, unless exempted by the ASX Listing Rules, the Company will immediately notify the market of information:

- (d) concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities; and
- (e) that would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of the Company's securities.

Where practicable the Company will also make available the opportunity for shareholders to participate in new and substantive investor presentations by dial-in or live-stream or by uploaded a transcript or recording of the presentation to ASX subsequently. The Company is not required to make available presentations that do not contain new market sensitive information.

"Substantive" presentations include results presentations and the types of presentations given at annual general meetings, investor days or broker conferences.

### **1.15 Provision of Information to the Board**

The Company Secretary is to ensure that a copy of all material market announcements is to be circulated to the Board as soon as is practicable after its release.

### **1.16 Company website**

The Company provides general information about the Company and its operations, details of the Company's corporate governance policies and procedures and information specifically targeted at keeping the Company's shareholders informed about the Company on its website.

In particular, where appropriate, after confirmation of receipt by the relevant authority, the following will be posted to the website:

- (a) relevant announcements made to the market;
- (b) media releases;
- (c) information provided to analysts or the media during briefings;
- (d) the full text of notices of meeting and explanatory material;
- (e) information related to general meetings, including the Chair's address, speeches and voting results;
- (f) copies of press releases and announcements for the preceding year; and
- (g) copies of annual and half-yearly reports including financial statements for the preceding year.

Where possible, the website will also be used for web-casting or teleconferencing analyst and media briefings as well as general meetings of the Company. Where the Company does web-cast the preceding events, and even where it is not possible to do so, a transcript or summary of the information discussed will be posted to the website.

### **1.17 Direct communications with shareholders**

Throughout the year it may be appropriate for the Company to directly communicate with shareholders. For example, to give shareholders notice of general meetings or to update shareholders by way of a Chair's letter.

In relation to information that is directly communicated to shareholders, all shareholders have the right to elect to receive all such information by post, facsimile or electronic mail.

### **1.18 Meetings of the Company**

In preparing for general meetings of the Company, the Company will draft the notice of meeting and related explanatory information so that they provide all of the information that is relevant to shareholders in making decisions on matters to be voted on by them at the meeting. This information will be presented clearly and concisely so that it is easy to understand and not ambiguous.

The Company will use general meetings as a tool to effectively communicate with shareholders and allow shareholders a reasonable opportunity to ask questions of the Board of Directors and to otherwise participate in the meeting.

The external auditor of the Company will be asked to attend each annual general meeting and to be available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

### **1.19 Other information**

While the Company aims to provide sufficient information to shareholders about the Company and its activities, it understands that shareholders may have specific questions and require additional information. To ensure that shareholders can obtain all relevant information to assist them in exercising their rights as shareholders, the Company will make available a telephone number and email address for shareholders to make their enquiries.

### **1.20 Investor Presentations**

Where a new and substantive investor or analyst presentation is to be given, the Company will release a copy of the presentation materials on the ASX market announcements platform ahead of the presentation.

## **Review**

---

This policy will form a component of the induction process for all new employees.

This policy will be reviewed annually by the Board to ensure it is operating effectively and determine whether any amendments are required.
